

Suppliers on the High Capacity Metro Trains Project

There are many companies, including local businesses, supplying parts and equipment to the High Capacity Metro Trains (HCMT) Project. The map shows the location of Victorian jobs generated by suppliers to the HCMT Project.

Overall, the HCMT Project will result in 1,100 jobs, including 175 local jobs in Newport where the trains will be assembled, up to 450 local jobs at the peak of construction at the Pakenham East depot, and through local suppliers.

The table below provides a list of suppliers that have been awarded contracts by the HCMT Project's public private partner, Evolution Rail. The Evolution Rail consortium includes, Downer, CRRC and Plenary.
